Source Scale: UNKNOWN

Source Media: DIGITAL

Automated By: TECHNIGRAPHICS, INC.

Coordinate Reference: NH State Plane Feet

Horizontal Datum: 1983

Tile: STATE

Status: COMPLETE

Last Revision: July, 2008

Available From: Complex Systems Research Center, UNH

GENERAL DESCRIPTION

This data layer contains any location where fire fighters are stationed or based out of, or where equipment that such personnel use in carrying out their jobs is stored for ready use. Fire Departments not having a permanent location are included, in which case their location has been depicted at the city/town hall or at the center of their service area if a city/town hall does not exist. This dataset includes those locations primarily engaged in forest or grasslands fire fighting, including fire lookout towers if the towers are in current use for fire protection purposes. This dataset includes both private and governmental entities. Fire fighting training academies are also included.
